LBS Hygiene Pest Control Service Professional & Reliable

- 🎯 Check the locations carefully such as back door, patio, ceiling
- 🎯 Set rodent glue traps and baits placement, and use wire meshes to seal up the broken boards
- 🎯 Check and change the baits & glue traps locations regularly

- 🎯 Check the locations carefully such as kitchen, kitchen cabinet, sink and floor drain
- 🎯 Use gel to cheat cockroaches to eat or carry back to the nest, then they will be killed by chain effect
- 🎯 Use baits to kill cockroaches too

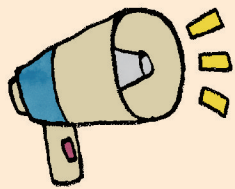

- 🎯 Spray baits to the sources, such as stagnant water, sewage and food or cooking residue
- 🎯 Place bait station with a mixture of alcohol & baits in different locations
- 🎯 Use sticky board which is silent, non-toxic and sterile

* Treatment may change depending on real situation

Why Choose LBS Hygiene?

	 您的卫生专家 <i>Your Hygiene Expert</i> LBS Hygiene 史伟莎	 XXX Pest company
Technique	Safe, clean & environmentally friendly pure bait, bait station & monitoring system	Great chance of food, utensils, customers and employees contamination because of fumigation
Preparation	No preparation time needed before and after applications thus saves costs	Need preparation and clean up before & after applications will increase cost
Frequency	4 service visits a month allows you to tackle problems right on and have better preventive measures	Once a month service means plenty of time for pests to settle and multiply
Risk	Baiting residue effect is long lasting thus minimize risk of serious pest problems	Low residue effect of spray or fumigation put your business at risk
Cost	More or less the same service fees but 4 times the service simply means very cost effective	Less cost effective because you only enjoy once a month service
Guarantee	Written satisfaction guarantee. You may have free follow up if the pest problem is still serious	No written guarantee. You still have to keep the contract even you were not satisfied with the service
